GENERAL MANAGER

The first Coleman Avenue Fall Fest brought hundreds of people to downtown Waveland on Saturday. “We wanted to highlight Coleman Avenue and also provide an event that is very family friendly,” event organizer Kristen Tusa said. “I was really pleased with how the event turned out. We had lots of compliments about the vendors who were there and the quality of products they had and I look forward to watching this event grow in the

years to come.” The event featured more than 60 vendors, spread out from Studio Waveland all the way up to the Town Green, with an ax throwing booth, food vendors, arts & crafts booths, a petting zoo, pony rides and live music. “I also want to say ‘Thank you’ to our sponsors, to all of the sponsors who helped to make the festival what it turned out to be,” Tusa said. “We couldn’t have asked for better weather — it was the best day we could have had.”

Governor visits Hancock to cut ribbon for Port Bienville project

Gov. Tate Reeves on Wednesday joined state and local officials as well as industry representatives at the ribbon cutting ceremony for Port Bienville's new dock and railroad facility.

BY GEOFF BELCHER
GENERAL MANAGER

Gov. Tate Reeves visited Hancock County last Wednesday and joined state and local officials and industry representatives at Port Bienville Industrial Park for a ribbon cutting ceremony at a new maritime dock and railroad facility. Port & Harbor COO Blaine LaFontaine introduced the governor before the ceremony on

Wednesday and thanked him for being “perhaps our most important partner and supporter.” Reeves said the new dock and railroad facility would be a vital part of Mississippi’s continued economic growth. LaFontaine said the \$8.8 million RESTORE Dock project included a 600-foot bulkhead with a 40-foot apron which can accommodate three barges for loading and unloading. A 250-foot

crushed stone laydown yard extends from the apron for operations and storage. The project also included two Port Bienville Shortline Railroad track extensions to serve the dock with rail-to-barge intermodal operations. Access roads were also improved for truck and other vehicle traffic.

WAVELAND ALDERMAN WARD 1

BOB MARTIN

THE REAL DEAL

Paid for by Bob Martin

Why Vote for Bob Martin Alderman Ward 1?

My promise to the electorate:

Waveland needs and wants proven effective leadership which includes a vision for community development, more matching funds, improved fiscal management, and prioritization of all major projects. I will provide the leadership and efficiency that is needed for Ward 1 with the experience of what it takes to move Ward 1 forward. As your Ward 1 Alderman I will continue to work to put our city's interest first which includes our children for a better future.

• City Problems

Mrs. Gamble echo's the electorates problems with the city on her website, "with a decade of government experience, I know what it takes to find solutions and how to navigate the complicated governmental agencies to get things done," and " I know what the problems are and can hit the ground running on day one."

ANALYSIS—This is political rhetoric. She offers no solutions to problems every candidate acknowledged in their platforms. The rest of her platform is classic demagoguery, she makes statements that resonate within the community, but she offers no solutions. This is the basis for her entire platform. Her accomplishments and qualifications are weak; her Associates Degree alone does not qualify her to be an Alderman and her occupation as a Justice Court Clerk and Paralegal were NOT leadership roles.

• Economic Development

Mrs. Gamble says, "It is far past time to kick Waveland's economic development into high gear. We can accomplish by expanding and improving community amenities through cooperation and partnership, fueling infrastructure, education, business, and the non-profit sector." Mrs. Gamble's plan for redevelopment of Coleman Ave proposes establishing a group of experienced "developers" to create the redevelopment plan.

ANALYSIS—Where is the plan to do this kick start and how is she going to fund it?

I point back to the Hancock Port and Harbor Commission Business Development Unit, which is designated as Hancock County's official Business Development Unit for the entire county. Other cities in our county have utilized this FREE resource but not Waveland. The HCPHC is an incredibly valuable resource that would become a partner in Waveland's development. HCPHC is already changing the face of the future with its scholarship program at PRCC, where any high school graduate can attend tuition free. This is an incredible opportunity for our students and our community. By statute, city leadership is mandated to create the City's redevelopment plan and does not allow the delegation or relinquishment of that responsibility to private enterprise. The Mayor and Board of Alderman must be visionary creators for the redevelopment plan and then entice private enterprise to invest into the city. She does NOT have a plan.

Absent a city plan, the former administration paid \$69,000 to an Urban Development group to study and develop a Corridor Plan for Waveland. I was privileged to see this information prior to public disclosure. The recommendations included reversing the Exxon Service Station (at Nicholson and US-90) with the pumps at the back of the station, the addition of a new high-rise hotel in place of Walgreens across the street from Exxon and the demolition of the old hotel, which Claiborne Hills is slowly demolishing because of hazardous material. The study also recommended improving signage, street lighting and even painting utility poles. Remember; the mayor sets the vision. Our mayor's vision included a sidewalk along Coleman Ave. that gradually elevated towards the beach where it would become an elevated boardwalk. The proposal of the condominiums and restaurant will change that plan. Our new Mayor will set the vision for Coleman Ave. I will work with the Mayor—Elect in the development of a plan for the rest of Coleman Ave. The city owns the Incubator Building, City Hall, the Fire Station, the Ground Zero Hurricane Museum bldg. (old Waveland Elementary building), the library, and a few lots on Coleman Ave. The rest of this property is private property. The city has endorsed the development of condominiums on the 2.5 acres located at Coleman Ave. and Beach Blvd. The city has also endorsed development of a restaurant with a pool on the opposite side of the street.

I am appealing to the supporters of my former opponents and those of Mrs. Gamble's to reconsider who you want for your city's leadership. It is a race between an antagonistic community activist, demagogue with empty solutions and with minimal leadership experience or a proven leader with a vision, in depth understanding of the issues, and know how—The Real Deal.

ASK YOURSELF

1. What do you expect of your Alderman? An analytical person or a contemptuous one with a lack of vision.
2. Can my proposed solutions to all the issues and problems make Waveland a better place with the knowledge of working with government bodies across the south, mediation skills, and proven history?
3. Can my skills and experience managing money more than twice the budget of Waveland help this city grow financially with a solid reserve for future programs and projects?

Waveland's Ward 1 community is fed up with the city's recent lack of performance and mismanagement. I agree with the citizenry, we do not need more of the same. The city will not progress with a Mayor and Board of Alderman in contention with each other. I want progress and can assure you I will see that it will happen in Ward 1.

Eddie Favre gets his star on Beach Boulevard in the Bay

Former Bay St. Louis Mayor Eddie Favre speaks Friday after a bronze sidewalk star is unveiled in his honor.

BY GEOFF BELCHER
GENERAL MANAGER

A huge crowd of family, friends and supporters surrounded long-time public servant Eddie Favre on Friday afternoon as officials unveiled a bronze sidewalk star in his honor in front of Hancock Bank on Beach Boulevard in Bay St. Louis.

“This isn’t about your

40 years of public service,” Mayor Mike Favre told his brother Friday after reading a proclamation making Oct. 14 “Eddie Favre Day” in Bay St. Louis — “this is about the love you have for this city.”

Eddie Favre served as the city’s mayor for a record 20 years before retiring briefly, then going back into public service as the Hancock County

Administrator in 2016.

As mayor, he presided over the Bay’s rebuilding efforts after Hurricane Katrina decimated the city in 2005, and gained a national reputation as “the Mayor in Shorts,” famously wearing short pants to a black-tie event with then-President George Bush, vowing not to wear long pants again until Bay St. Louis had recovered from the storm.

He announced earlier this month that he is officially retiring again, citing health issues and a desire to spend more time with family.

Favre said that once he’s moved past his current health issues, he might be interested in getting back to work.

“Jokingly — you never say never — but who knows, I’d like to go back to doing a little bit of what I was doing before I went to work for the county, doing some consulting work,” Favre said at the time. “There have been a lot of good times and hopefully, the good Lord willing, there’ll be a lot more.”

After the star’s unveiling on Friday, he walked across the street to a reception at Dan B.’s Restaurant.

Favre’s long-time friend Lonnie Falgout — who spearheaded the efforts to get the star created and placed said the ceremony and reception were “a chance for everybody to wish him a long life and say thanks for the memories, thanks for rebuilding the city.”

The Bay High School Band last week qualified for the State Marching Championships on Oct. 29. For state evaluation, the band received an excellent rating in percussion and superior ratings in drum major, colorguard, and from all three band judges for an overall superior rating. For the evening Battle on the Beach show, the band received best in class colorguard and band. Additionally, the band placed 5th out of 12 bands. Earlier this month, the band performed in the Swamp Classic and received straight superiors in percussion, colorguard, drum major, and band. Additionally, the band received best in class colorguard and band.

Flag Retirement Program

Edmond Fahey Funeral Home works with local residents and the veterans services organizations to properly retire any U.S. flag that has reached the end of its service. Our program is designed to honor our national heroes, our military veterans, and to give dignity to our American Flag when it is no longer worthy of display. We strive to see that each veteran being cremated has a flag. There is no charge for this service to our veterans.

According to the United States code, Title 4, Chapter 1, Subsection 8: "The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning."

If you would like to honor a deceased veteran by donating an aged or worn flag to be properly disposed of, you may do so by delivering the flags to our funeral home located on the corner of Necaie Avenue and Main Street.

"We pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Bay Rotary’s Battle of the Bands raises thousands to help end polio

BY GEOFF BELCHER
GENERAL MANAGER

The Rotary Club of Bay St. Louis’ second annual “Battle of the Bands” at Dan B.’s in Bay St. Louis on Saturday was a huge success, organizers said, raising more than \$5,000 to help polio research.

“It was great, we had a crowd the whole time,” club President Cynthia Chauvin said. “The bands really outdid themselves. They had great set-lists, they really entertained. I had a lot of people come up and tell me they didn’t want

to leave, they wanted to stay all day.”

The Dave Mayley Band, Electric Sheep and Assumed Risk each played for an hour on Saturday. Attendees were able to donate during each set, with funds earmarked to benefit “End Polio Now,” which is focused on eradicating polio worldwide.

“The Dave Mayley Band actually received the most donations,” Chauvin said, “so they were the Rotary Band of the Year, but all of the bands brought in a lot of money and were instrumental in raising

an exceptional amount of money for polio research.”

Every dollar donated at the event becomes three dollars, thanks to a 2-1 match by the Bill & Melinda Gates Foundation, so the money raised on Saturday will become a more-than \$15,000 donation.

Donations can continue through end of the month, Chauvin said, and you can make a donation directly to Rotary Club of Bay St. Louis. For more, check out the club’s Facebook page.

Constance Cares for Cancer fundraising parade is this Saturday,

Oct. 22.

Waveland native Michael Joseph founded the non-profit in memory of his mother, Constance Joseph of Waveland,

who passed away in 2012 from colon cancer. Long before his mother became ill, Michael vowed that, once he found his own suc-

cess, he would return to his hometown and give back.

Michael is a real estate agent in Houston, Texas.

Through Constance Cares for Cancer, Michael provides financial support for local families battling cancer.

Its mission is to “provide people with the proper tools and resources needed to help educate, fight, and understand how the body reacts to cancer. We understand the mental, physical, spiritual, and financial strain it takes on a person and their family and the best way to ensure we do not allow history to repeat itself is through education.”

The annual Constance

Cares for Cancer parade is scheduled for Oct. 22 at 10:30 a.m. It begins at the Washington Street Pier in Bay St. Louis, travels down Beach Boulevard, and ends at Gulfside Assembly, located at 950 S. Beach Blvd.

A community health and resource fair will be held immediately following the parade at Gulfside Assembly. It is sponsored in part by Constance Cares for Cancer and Hancock County Retired Senior Volunteer Program. Admission to the event is free. Food vendors will be available.

NEW LEADERSHIP DELIVERING RESULTS

As we enter the final stages of our current Waveland elections, and I continue to push forward with my sincere and hard-fought effort to become your representative as Alderman, I think it is important to highlight some of my commitments and goals to all of you who want to exercise your precious right to vote and invest that gift of freedom in my candidacy.

As most of you know, I have lived in Ward 1 and our beautiful City of Waveland most of my life. Waveland is part of my inner heart and I truly love our city and care deeply about the issues that concern all of us. As I have talked to so many of you in Ward 1 on the campaign trail, I have heard and listened to your many important concerns, like the condition of the roads, ditches, utilities, blighted properties, taxes, the Garfield Ladner Memorial Pier, your safety, the beaches, recreation for children and families, and many other important topics. Are there solutions for all these issues? Absolutely. There are solutions, but where are these solutions found? The answers come when your representative on the Board of Alderman listens to the citizens they represent and works hard with the current administration, and other members of the board, to prioritize all problems and formulate a plan to address them most efficiently and cost-effectively possible, allocating the resources and manpower available in the best way possible.

Can everything be corrected immediately? Unfortunately, no. But I am committed to being direct, truthful, and tenacious in doing everything in my power to represent all of you with the best interests of Ward 1 and all of Waveland at heart, at all times. I am not going to tell you that if you vote for me all your dreams will come true and all your problems will be solved. What I will tell you, is that I will represent you with integrity and hard work to make your life better, your community more beautiful, and your engagement with the city government more efficient, accountable, and responsive.

The future of Waveland appears so bright to me, growth and prosperity so tangible; and what we have to do is join together, have faith, and roll up our sleeves. I humbly and respectfully ask that you return to the polls on Tuesday, October 25th and cast your vote for me as your next Ward 1 Alderman. Together, we can build a BRIGHT tomorrow, instead of a BLIGHT tomorrow. Stay positive. Stay focused. Stay strong. Stay unafraid.

October is ideal time to plant great pansies

This year is almost like clockwork; we hit Oct. 1, and we’re suddenly enjoying night temperatures in the 50s and 60s all across Mississippi. This is a welcome change from previous years when it seemed that summer would never go away. For once, planting our cool-season annuals seems to be right on schedule.

I’ve visited quite a few independent garden centers over the last couple of weeks, and they’ve been gearing up for a colorful fall season.

I’ve written in the past about my preference for pansies, which may be the perfect cool-season choice for annual color, in my opinion. In my coastal Mississippi garden and landscape, you can be sure there will be an abundance of pansies on display.

I love the color selection that is available. The traditional flowers have a dark blotch in the center with a kaleidoscope of petal colors. I also like the pure single-color selections, called clear. When massed together, as pansies were meant to be planted, they create an impressive colorful landscape carpet.

Generally speaking, pansies can tolerate some really cold weather, depending on location and severity of the cold. When the temperature plunges, the flowers get nipped back, and it’s common for the foliage to turn a little purple.

I’m fortunate to garden in south Mississippi, where I’ve seen my pansies freeze solid for a few hours, thaw and begin flowering again a few days later.

There are wonderful pansy series available for your landscape.

A favorite of mine is the Matrix series. These pansies have freely branching growth habits, and they reach about 8 inches tall and wide. I love the color-coordinated mixes instead of the traditional, random color mixes.

Another can’t miss selection is the Delta series. These pansies have similar growth characteristics as Matrix and display huge flowers.

This past weekend, I discovered a new-to-me Delta pansy, Cotton Candy mix. The 3-inch flower pastel colors are a mixture of light blue, light pink,

HANCOCK HISTORY

Charles Marshall, a Polished Southern Gentleman

For over two hundred years, Hancock County and Bay St. Louis have benefited immensely from forward-thinking leadership. Prominent New Orleans businessmen like Charles Marshall (1848-1928), as well as local home-grown community boosters, have inspired the citizens of our county to build necessary infrastructure of roads, bridges, schools, banks and other businesses.

Charles Marshall was a true “railroad man” who lived in Bay St. Louis from 1893 until he passed away in 1928. Marshall put in fifty-three years working

in the railroad sector. He was born in Nashville, Tennessee and worked in various places in his early career as an operator agent and dispatcher until 1881, when he was promoted to be a freight agent stationed in New Orleans. In 1886 he was promoted to Superintendent of the New Orleans-Mobile District of the Louisville and Nashville Railroad Company. Superintendent was the top job of this division.

Marshall lived in the Bay but commuted to work every day to New Orleans on the Fast Coast Train. Like many of the well-to-do of that era, it was fash-

ionable to live on the coast but work in New Orleans. One train left in the morning and these businessmen would eat breakfast in the fancy dining car and read the “Picayune” newspaper. The train took one hour and deposited these men at the foot of Canal Street. In the evening passengers boarded the train and headed for the beloved Club Car for a cocktail (or two) and a card or chess game.

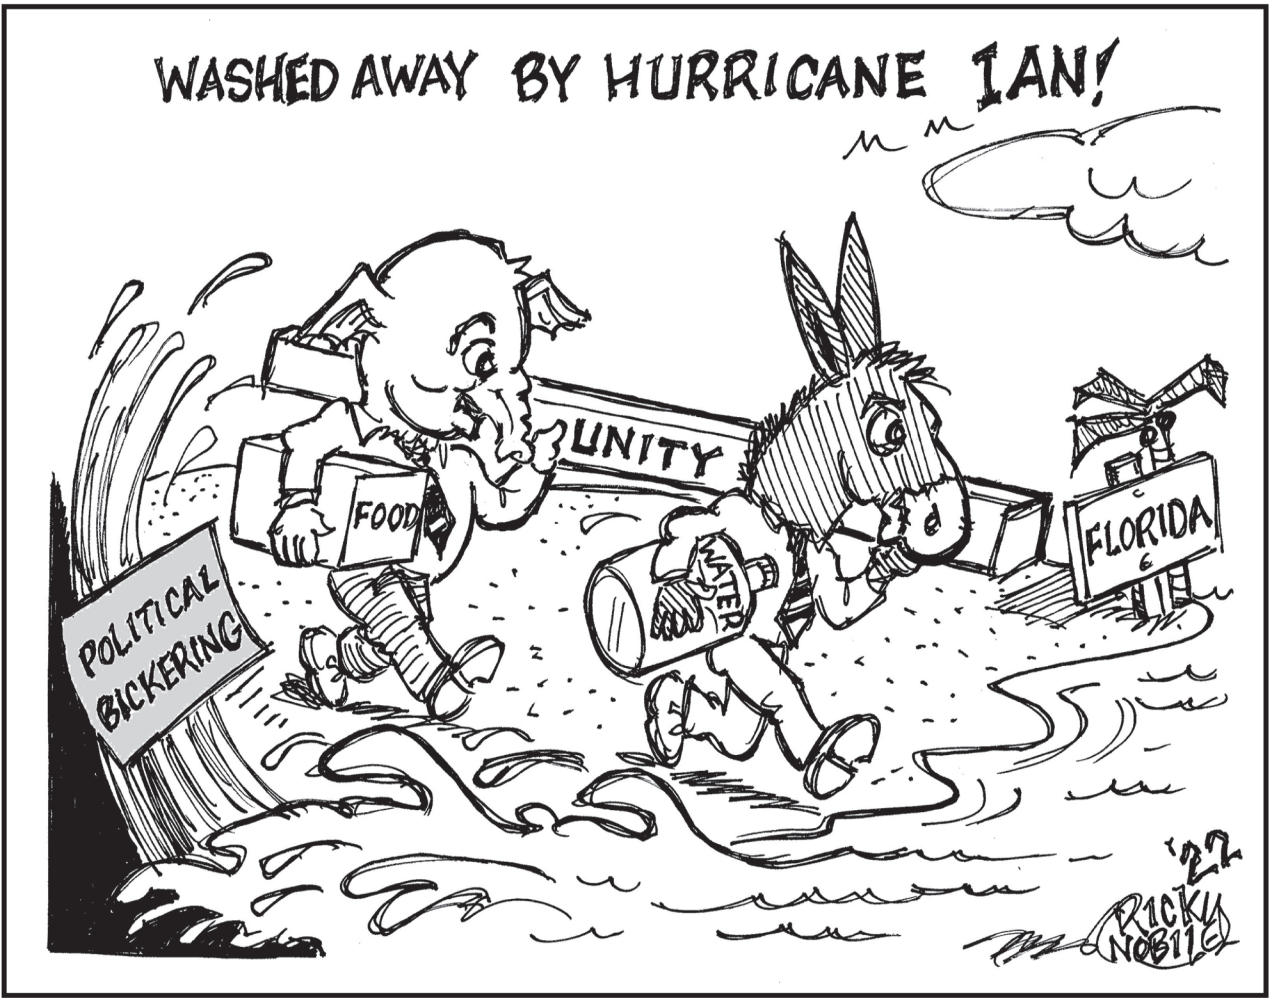

Marshall married Lillian Willis from Clarksville, TN in 1881. They reared four sons. Marshall was active in city affairs. He served on the board of the Hancock

National Forest Products Week

Most people do not stop to think about the important role that forest products play in our everyday lives, especially in Mississippi. From clean air, paper, buildings, bridges, energy, chemicals, and the jobs that support the production of all these things, our world depends on trees to provide for us.

National Forest Products Week will be observed October 16-22, 2022. This annual observance began on September 13, 1960, when Congress passed a joint resolution providing for the establishment of an annual National Forest Products Week to be held each year on the week beginning with the third Sunday in October. (Ironically, it was Representative E.L. “Tic” Forrester from Georgia who presented the proclamation in the House for approval.) President Eisenhower signed the first proclamation 2 days later, while calling on the people of the United

States to observe the week of October 16, 1960, “with activities and ceremonies designed to focus attention on the importance of our forests and forest products to the Nation’s economy and welfare.”

As a renewable and recyclable resource, wood is one of our nation’s most environmentally friendly building materials. Wood fiber is used throughout our daily lives, from the paper we write on to the offices where we work. We value the beauty of wood in our furniture, in our homes, and in artwork that surrounds us. Today, modern technology and stewardship practices by federal, state, tribal, and private landowners have improved the way we manage our natural resources so that forests can meet the needs of current and future generations.

During this time we should recognize the research that has been conducted by the Forest

Service and Mississippi State University for more than 100 years in support of its mission to sustain the health, diversity, and productivity of the nation’s forests. This research promotes the responsible use of this natural resource. New products and technologies developed through this research create jobs, especially in rural areas, and stimulate economic growth. Without these ongoing efforts to sustain our forests, we might not have anything to celebrate.

Perhaps the best thing about forest products is that they come from a renewable and sustainable resource. Healthy, growing forests play a key role in absorbing carbon dioxide, releasing oxygen, and storing carbon over time.

So, during the week of October 16-22, take a look around, think about the many ways that our forests benefit you in your everyday life. National Forest Products

Picayune man dies in Hancock crash

ECHO STAFF

A Picayune man died last week as the result of a one-vehicle crash on Hwy. 43 in Hancock County.

Authorities say Larry Mergerum, 72, was pronounced dead at the scene on Thursday after

his 2004 Chevy Trailblazer, headed north on Hwy. 43, left the road and overturned.

The accident occurred at around 1:20 p.m.

The Mississippi Highway Patrol is investigating the cause of the crash.

the Presbyterian Church and the Masonic Lodge. Marshall was well-informed on a great many subjects and possessed an infallible memory. He was intimately connected with the industrial and civic life of New Orleans as well as the Bay. Nevertheless, he found time to read extensively.

Marshall kept a telegraph instrument in his office, which was located on a wharf on the Mississippi River front. On one occasion, a schooner

knocked out a beam of the Pearl River Railroad Bridge. Marshall had his maintenance crew from Ocean Springs at the accident site by 9 a.m. transferring passengers, mail, and cargo across the river by tug and barge to a second train to complete the excursion.

The ghost of Charles Marshall would be pleased that presently in the twenty-first century Amtrak has proposed a restoration of the passenger train service between Mobile and New Orleans. It is presumed that this project will occur in the near future after CSX

Railroad Company and Amtrack negotiate an arrangement. On October 5, 2022 there was a ribbon-cutting ceremony at the depot to celebrate the considerable renovations and surrounding grounds which include landscaping, two pavilions and public rest rooms.

In conclusion, the life and times of Charles Marshall is worth telling at this time. Marshall died in 1923 and is buried in the Cedar Rest Cemetery in the Bay. His ghost has been sighted at Halloween in years past at the Han-

cock County Historical Society Halloween Cedar Rest Cemetery Tour, which by the way, which will occur this year on Saturday night, October 30, 2022. A fitting tribute to Charles Marshall would be to rename to garden next to the depot, the Marshall Garden. Marshall established a picturesque garden at each major depot along the coast back in the day. Ocean Springs still has their original garden next to the depot named for Marshall. His home town, Bay St. Louis, should do no less in his memory.

Brook Taylor deBuys passed away on July 1, 2022. Beloved husband to Rosanna Christine Ancona deBuys. Father to Brook Taylor, Jr. (Kacie), Jason Fox (Nani) and Andrew Michel. Grandfather to Caden Thomas, Owen Fox, Madeleine Grace, Aerie Alani and Jaxon Taylor. Son of the late Herbert Fowler deBuys and the late Brenda Marcelle Fox deBuys. Brother to the late

Marcelle deBuys Ellis (the late T.C.W. Ellis), the late James Willoughby deBuys and Michael Fox deBuys (Paula). Mr. deBuys attended Saint Stanislaus College and the University of Southern Mississippi. He served in the U.S. Navy and retired from International Matex Tank Terminals. Brook loved to be active on land and sea. A Memorial Mass will be held at Our Lady of the Gulf Catholic Church, 228 South

WILLIAM ANSELM MONTI

William Anselm Monti, Sr., age 81, passed away on October 11, 2022, at home in Bay St. Louis, MS, surrounded by his loving wife, Millie, and his family. Whether you knew him as “Billy”, “Big Bill”, or “Bill Senior”, you surely could never forget him. He was a deeply caring, big-hearted Christian man whose nature was to always help others. Those fortunate enough to have known Bill in life were blessed with a friend, father, or brother that you could call on whenever you needed help. His natural gift was that he knew how to fix anything that needed repairing. His laughter was infectious, and he always managed to brighten your day. Bill Monti was born in 1941 to Thomas Francis (T.F.) Monti and Mary Benvenuti Monti in Bay St. Louis and was the second of their four children. He was raised by his devout Catholic parents in Bay St. Louis, among numerous cousins, aunts, uncles, and grandparents who provided a wealth of family stories for Bill to remember and pass on. Bill’s love of God and love of family grew and served him well as his foundation throughout life. After graduating from Bay High, Bill attended USM. He also began working at WDAM television station in Hattiesburg where he met his future bride, the beautiful Patricia Ann (Pat) Robinson. Bill and Pat were married in 1961 and celebrated 53 years of marriage until her passing in 2014. In 1965, Bill and Pat moved back to Bay St. Louis and built their home on State Street where their back yard opened to the back yard of his parents. This benefited both families because Bill and Pat were soon blessed with three children, Bill, Jr., Angelia, and Cherrie, who grew up under the loving watch of their parents and grandparents. Soon Bill joined his father at Coast Electric Power Association and, like his father, found a second “family” among his co-workers, many of whom became life-long friends. Bill worked at Coast Electric in the Meter Division for 13 years before resigning. He always dreamed of opening an appliance shop or a little repair business of his own. In 1977, he took

mann and her husband Carl Heitzmann; his sister-in-law Cassie Monti; his nephew, Michael Monti; his step-granddaughter, Lauren Carpenter; and his beloved dog, Trigger. He is survived by his wife, Millie Church Monti; his son, William Anselm Monti, Jr. (Bill Jr.); his two daughters, Angelia Monti Bourgeois (Rickey) and Cherrie Monti Smith (Anthony) and Kellie Carvin Anderson who was unofficially “adopted” into the Monti family years ago as his third daughter; his step-children Brad Rutledge (Dina), Elizabeth Rutledge Mooney (Tim), and Amy Rutledge Genin (Thomas); his two brothers, Thomas Anthony Monti, Sr., and Joseph E. Monti (Kathleen), and numerous nieces, nephews, and cousins. Bill is also survived by his grandchildren: Paul Cory Bourgeois, Patricia Monet Bourgeois Chesness (Derek), Gavin Smith, Aubrey Smith and Presley Smith as well as his step-grandchildren Ryan (Rachel), Brandon (Faith), Hunter, Carson, Carly, Aidan, Avery, and Jaxon. His great-grandchildren and step-great-grandchildren are Baylee Clair Chesness, Rivers Monti Chesness and Presley, Sophie, Rowan, and Greyson. A celebration of Bill Sr.’s life will be held on Saturday, October 22, 2022, at Our Lady of the Gulf Catholic Church in Bay St. Louis, MS. Visitation will be from 10:30 a.m. to 12:00 p.m. at the church. A Mass of Christian Burial will begin at 12 p.m. Noon. A private interment will be held on a later date at the Garden of Memory Cemetery, 630 Central Avenue, Bay St. Louis, MS. In lieu of flowers, please consider a memorial gift in Bill’s name to St. Jude Children’s Research Hospital, 501 St. Jude Place, Memphis, TN 38105. Edmond Fahey Funeral Home, 110 S. Ne-caise Ave, Bay St. Louis, MS is honored to serve the family of William Anselm Monti, Sr.

SAMANTHA MCRANEY
SEPTEMBER 16, 2022

Samantha McRaney grew up across the river from Manhattan in New Jersey farmland. She was always energetic, including high school cheerleading and competitive ice skating participating in the Junior Olympics. While attending NYU, she worked at a boutique advertising agency specializing in the use of jingles for Eastern Airline, Johnson & Johnson, and others. As a young entrepreneur, she developed a line of children’s clothing, toys, and bedtime stories (Here Comes Grandma) and later took the company public on the OTC. She also co-developed The Aspen Ski Lodge and Molly Gibson Lodge. She spent time in New York, Miami, London, Paris, and the Italian and French Rivieras. Along the way, she wrote poetry and a book “64” – unpublished. She skied fast and especially enjoyed the ladies in her tennis group. She was a mother who taught her family to make the underdog the hero and to ensure others

felt great. She believed the best in people, building them up exponentially, no matter who they were. She boosted those lacking self-confidence to stand up straight, look everyone in the eye, a smile like you had and little secret. The best chapters were when she married Robert over 36 years ago. She combined their personalities and kindness with a dash of show business and Southern hospitality. Together they revitalized his family radio station. Their homes in Mississippi, Virginia, and especially New Orleans’ French Quarter, and Bay St. Louis were always open to friends and family. They raised funds for McDonough 15 elementary school (including to re-build the art department) and helped expand the kitchen at St. Marks Methodist to feed the Rampart Street homeless. One couple described them saying, “Samantha and Robert are the spices in the elixir of life.” She earlier lost her parents Sylvester and Leonore Nisky and niece Melissa McRaney (UK). She is survived by hus-

band Robert McRaney, daughters Ali Karshan (with her husband Roger) and Laine Siklos, the families of nephew Michael Farah and brother Michael McRaney, and grandchildren Anabelle, Anna, Georgia, Harper, Henry, Matthew who knew her as the mythical GrandBunny. In lieu of flowers or food, the family suggests donations to: Adopt a Pet <https://www.adoptapet.com/shelter/65115-han-cock-county-humane-society-bay-st-louis-ms-mississippi> Feed The Hungry – St Marks Methodist Church <https://secure.myvanco.com/L-YRW5/home> First Responders of Mississippi <https://firstresponder-sofms.com/support-us/>

This is a feature that is unusual for pansies. Pansies are pretty easy to care for if you follow a few basic tips. For the best flowering potential, pansies need consistent fertilization throughout the cool season. I always use controlled-release fertilizer at planting and

follow that with supplemental fertilizer application, usually water soluble. The quickest way to turn off flowering is to allow your pansies to dry out, so be sure to keep the root zone consistently moist. Pansies will grow well in the ground, raised beds and containers. But you know my preference is for containers. So don’t procrastinate buying your pansies this month. The independent garden centers have great selections available now. It doesn’t matter if you buy Matrix, Delta or any of the other series, because they’ll all look good in your garden this fall.

Living By Faith

By **REV. C. GERALD RICHARDSON, D. MIN**

C. GERALD RICHARDSON, D. MIN.

The Episcopal Church produces a simple little devotional booklet entitled, “Forward, Day by Day”. It is not a profound document. It does not attempt to address every question. It does not provide absolute solutions to all the complex questions of

spiritual life. What it often does is provide thoughtful wisdom and invite internal reflection on some of the issues of faith which emerge amid this harried and confusing world in which we live. I try to read from it every day. Recently, there was a quote from the obscure Old Testament book of Habakkuk. It was simply, “The righteous live by their faith.” (Habakkuk 2:4) Although these words are somewhat familiar, few people are aware of their origin. This brief book from the Hebrew Scripture focuses on the theological concept of theodicy which addresses the justice of God. This is a notion which often seems contrary to the reality which we

observe in life. Although it is comforting to proclaim that “God is in control, and all is right with the world”, too often our experience seems to demonstrate a different reality. Bad things happen. Good people suffer. Life can be unfair. We cry out for explanations and answers. Too often they are elusive or non-existent. The writer declares that there is a divine vision for the world. He says, “If it seems to tarry, wait for it, it will surely come.” Life can be challenging. So much gets in the way. Many times, the questions overshadow the answers. When life is hard, and hope seems distant, the temptation can be strong to give up, or wallow in self-pity. In fact,

this may seem to be the only reasonable thing we can do. The simple admonishment in this ancient text is a call to hold on. It is a bold declaration. It is a promise that there is more to life than what we can see. Several hundred years later, the Apostle Paul framed the idea in a different way. He said, with absolute confidence, that “Nothing can separate us from the love of God”. It is important to remember that we live in that hope. The witness of faith from the beginning to the present is that the world is embraced by a divine love. It goes by different names. It finds many expressions. It is guided by a variety of doctrinal claims. It sometimes is compatible

with our religious dogma, and sometimes it contends with it. Love is enduring, and nothing in all of life can set it aside. Faith is not automatic, nor is it simple. Love, on the other hand, is the one part of life which is reliable. People may disappoint us. Circumstances may confound us. Grief may overwhelm us. But love is constant. Living by faith is a possibility because of the love that will not let us go. There is nothing that any of us can do to lessen the power of love or to subtract from its impact in our lives. You are loved. We are loved. Love wins! That is a faith to live by.

HANCOCK COUNTY, MISSISSIPPI
REQUEST FOR PROPOSALS
Hancock County, Mississippi (the "County") is requesting proposals from qualified individuals or firms for preparation of its Katrina Community Development Block Grant (CDBG) application and subsequent administration for a proposed improvements at Stennis International Airport funded through current allocations from the Mississippi Development Authority. All services will be provided in accordance with applicable state and federal program rules and regulations under the Katrina CDBG program.
ENGINEERING: Engineering design for construction of the proposed improvements including: all design surveys, preliminary design work, final design phase, preparation of plans and specifications, and construction inspection. Firms or individuals proposing to perform engineering services should submit a list of their qualifications, experience, and capacity for performance.
Said proposals will be received in the Hancock County Port and Harbor Commission Administration Office located at 14054 Fred and Al Key Road Kiln, MS 39556 no later than 10:00 A.M., November 11, 2022, after which time they will be opened by the Selection Committee.
This project is covered by the requirements of Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. § 1701u) ("Section 3") and with the requirement of 24 CFR Part 75.
PROPOSAL CONTENT AND EVALUATION CRITERIA
In order for your proposal to be properly evaluated, you must submit a Statement of Qualifications and Experience in sufficient detail. Each respondent is cautioned to carefully review the Proposal Content requirements as set forth below to ensure that all responsibilities and obligations are properly addressed. The Consultant Selection Committee will then review each proposal and select a qualified individual or firm.
Proposals will be reviewed by the Selection Committee, using the following selection criteria. Each member of the committee will assign points to each criterion based on the content of the proposal. Negotiations will be conducted initially with the firm receiving the highest number of votes, as rated by the Selection Committee. If a

mutually satisfactory contract cannot be negotiated with the firm, the firm will be requested to submit a best and final offer, in writing, and if a contract cannot be reached after the best and final offer, negotiation with that firm will be terminated. Negotiations then will be initiated with the subsequently listed firm in the order of rating, and this procedure will be continued until a mutually satisfactory contract has been negotiated. In addition to reaching a fair and reasonable price for required work, the objective of negotiations will be to reach an agreement on the provisions of the proposed contract including scope and extent of work and other essential requirements.
Proposal Content: To be considered, the proposal must include the following:
A. Qualifications – Statement of Qualifications of each person to be assigned to the project.
B. Experience – Information reflecting the experience of the firm/individual as related to the scope of work outlined above. The information which should be submitted as a minimum should be types of related work, size and funding level of projects, and experience with CDBG and other federal projects.
C. Capacity of Performance – Ability to perform the work in a timely manner.
Proposal shall contain information regarding staff and other resources to be used in the implementation of the project.
Proposals may be held by the County for a period not to exceed thirty (30) days from the date of opening of proposals for the purpose of reviewing the proposals and investigating the qualifications of the proposer, prior to awarding the contract.
FUNDING AVAILABLE
The amount of funds to be allocated for the project have not been awarded at this time; consequently, proposals will be received on the basis of qualifications, experience, and capacity as set forth above. The County is an equal opportunity employer. MBE and/or WBE individuals/firms are encouraged to submit a proposal.
One (1) original and five (5) copies of the proposal should be packaged, sealed, and properly labeled as follows:
NAME OF FIRM OR INDIVIDUAL
PROPOSAL FOR ENGINEERING SERVICES
KATRINA COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
and delivered or mailed to: Hancock County Port and Harbor Commission Administration Office located at 14054 Fred and Al Key Road Kiln, MS 39556 no later than 10:00 A.M., November 11, 2022, after which time they will be opened by the Selection Committee. The Selection Committee will then review each proposal and select a qualified firm or individual.
Request for Proposal packets may be picked up at the office of Maureen Anderson at 14054 Fred and Al Key Road Kiln, MS 39556 or requested via email at manderson@hchphc.ms

REQUEST FOR STATEMENTS OF QUALIFICATIONS FOR DESIGN-BUILDER SERVICES FOR PROJECT AP2201, SINGLE GENERAL AVIATION HANGAR FOR STENNIS INTERNATIONAL AIRPORT, KILN, MISSISSIPPI
Invitation: The Hancock County Port and Harbor Commission (HCPHC) is soliciting Statements of Qualifications from qualified firms interested in performing Design-Builder services for Project AP2201, Single Bay General Aviation Hangar for Stennis International Airport. Firms with relevant experience and qualifications are encouraged to submit a Statement of Qualifications.
The selection of the Design-Builder will be in accordance with Mississippi Code 31-71-13.1-Dual-phase design-build method of construction contracting: two-phase procedure for awarding contracts; compliance with minimum building code standards; awarding stipulated fees.
Phase One of the selection process includes review and evaluation of all Statements of Qualifications received and selection of a minimum of two and a maximum of five Design-Builders to participate in Phase Two and submit proposals. After evaluation of proposals received in Phase Two, the HCPHC intends to award one contract to the Design-Builder determined to offer the best value in accordance with the criteria set forth in the Request for Proposals.
The full Project AP2201 - Phase One Request for Statements of Qualifications and related documents may be found at: <https://www.portairspacework.com/>
Submission Requirements: All firms interested in submitting a Phase One Statement of Qualifications may submit hardcopy submissions by mail, courier, or hand delivery to the Hancock County Port and Harbor Commission, 14054 Fred & Al Key Road, Kiln, MS 39556 to the attention of Maureen Anderson. Submit one (1) bound copy and one (1) electronic formatted copy (pdf) on a USB drive.
Questions regarding Project AP2201 will be accepted until seven (7) calendar days prior to the published closing time and date and shall be directed to Maureen Anderson (manderson@hchphc.ms).
The Closing Time and Date for receipt of Statement of Qualifications is until 5:00 PM local time on November 11, 2022.

PUBLIC NOTICE OF APPLICATION FOR COASTAL WETLANDS PERMIT AND WATER QUALITY CERTIFICATION
The Mississippi Department of Environmental Quality (MDEQ) has filed an application with the Department of Marine Resources requesting permission to conduct regulated activities under the provision of the Coastal Wetlands Protection Act, Title 49, Chapter 27, Mississippi Code of 1972.
The MDEQ is proposing to construct three types of reefs for the West Hancock County Habitat Project that will restore nearshore habitats for secondary producers, invertebrates, fishes, and oysters. The proposed project location is in Coastal Wetlands in West Hancock County in an

area extending from approximately one mile northeast of the Silver Slipper Casino Hotel's eastern boundary to approximately one mile northeast of Buccaneer State Park's eastern boundary. The proposed project will include the following: 1) Subtidal Manufactured Material Reef - Up to 2.0 acres consisting of a central 18-inch x 20-inch layout and surrounded by four 12-inch x 18-inch layouts. The total height would be up to 24 inches and would provide a minimum clearance of 2 feet at Mean Lower Low Water (MLLW). This reef type will have a cultch density of approximately 3,500 cubic yards/acre. 2)Nearshore Subtidal Reef - Up to 1.5 acres with a variable, undulating profile, ranging from 0 inches to 12 inches in height and constructed of 1-inch x 4-inch limestone. This reef type will have a cultch density of approximately 1,613 cubic yards/acre. 3) Subtidal Oyster Reef - Up to 100 acres with a variable, undulating profile, ranging from 0 inches to 18 inches in height and constructed of 1-inch x 4-inch limestone. The total height of each section of reef would be up to 18 inches and would provide a minimum clearance of 2 feet at Mean Lower Low Water (MLLW). This reef type will have a cultch density of approximately 2,426 cubic yards/acre.

The applicant is requesting a variance from Mississippi Admin. Code Title 22, Part 23, Chapter 8, Section 114.01 which states, "Permanant filling of coastal wetlands below the mean high tide line because of potential adverse and cumulative environmental impacts is not authorized." This public notice, project diagrams, and a copy of the full project application may be accessed on MDMR's website at https://dmr.ms.gov/permitting/. A copy can also be mailed upon request.
In compliance with Section 401 of the Federal Water Pollution Control Act (33 U.S.C. 1251, 1341), as amended by PL 95-217, the applicant will request certification from the Office of Pollution Control that the above mentioned activity will be in compliance with applicable provisions of Section 301 (33 U.S.C. 1311), Section 302 (33 U.S.C. 1312), Section 303 (U.S.C. 1313), Section 306 (U.S.C. 1316), and Section 307 (U.S.C. 1317) of the Act and appropriate requirements of the State Law. Any person wishing to make comments or objections to the proposed regulated activity must submit those comments in writing to the Department of Marine Resources by mail to 1141 Bayview Avenue, Biloxi, Mississippi 39530; by fax to 228-374-5008; or by email to brett.james@dmr.ms.gov before 1:00 p.m. on the day November 3, 2022.
A public hearing will be held on November 3, 2022, at 5:30 p.m. at the Lakeshore Community Center located at (6221) Lower Bay Road, Bay St Louis 39520. The public hearing will not be a question-and-answer session but will be a medium for concerned parties to make comments about the proposed project for the public record. More information on the application can be obtained at the DMR office at 1141 Bayview Avenue, Biloxi, MS, 39530, or by calling 228-523-4105.

HANCOCK COUNTY UTILITY
AUTHORITY REPAIR AND
REPLACEMENT UNIT PRICE PROJECT - 2022
ADVERTISEMENT FOR BIDS
Sealed or Electronic bids for Hancock County Utility Authority Unit Repair and Replacement Project will be received by the Hancock County Utility Authority, at 401 Gulfside Street, Waveland, MS 39576 until 10:00 A.M., local time on Tuesday, November 22, 2022, at which time the Bids received will be publicly opened and read aloud.
Scope of Work: The Hancock County Utility Authority has the need for water and sewer utility work and incidental work related thereto resulting from emergency conditions, maintenance of existing water and sewer systems, and expansion of existing water and sewer systems. To accommodate this need, the Hancock County Utility Authority is seeking to contract with a company that has sufficient experience, personnel, and equipment to accomplish these types of construction services.
Bids will be received from a single prime Contractor. Bids shall be on a unit price basis, with additive alternate bid items, if applicable, as indicated in the Bid Form. This Issuing Office for the Bidding Documents is Brown, Mitchell & Alexander, Inc., 401 Cowan Road, Suite A, Gulfport, MS 39507, (228) 864-7612. Prospective Bidders may examine the Bidding Documents at the Issuing Office on Monday through Thursday (between the hours of 7:30 A.M. and 5:30 P.M.) and Friday (between the hours of 8:00 A.M. and Noon) and at the office of the Hancock County Utility Authority, 401 Gulfside Street, Waveland, MS 39576. Copies of the Bidding Documents may be obtained from the Issuing Office as described below.
Bidding documents are being made available via paper copy or pdf for a charge of \$100.00 (hard copy) or \$50.00 (CD). Plan holders are required to log-in or register for an account at www.bmaprojects.com to view and order Bidding Documents. All plan holders are required to have a valid email address for registration. The cost for the bidding documents is non-refundable and must be purchased through the website. For questions regarding website registration and online orders please contact Plan House Printing at (228) 248-0181.
When submitting an electronic bid, the bid must be submitted in "pdf" format and shall contain the same information and forms as required for the paper bids. Electronic bids must be secured with a bid bond. When submitting a bid electronically, the authorized signature shall be an electronic signature or handwritten in blue-ink signature. In the event that an electronically submitted bid has a corrupted attachment, the bid will be considered null and void. When bids are submitted electronically, the requirement for including a certificate of responsibility, or a statement that the bid enclosed does not exceed Fifty Thousand Dollars (\$50,000.00), on the exterior of the bid envelope shall be deemed in compliance by including the same information as an attachment with the electronic bid submittal.
The date that the Bidding Documents are transmitted by the Issuing Office will be considered the prospective Bidder's date of receipt of the Bidding Documents. Partial sets of Bidding Documents will not be available from the Issuing Office. Neither Owner nor Engineer will be responsible for full or partial sets of Bidding Documents, including Addenda, if any, obtained from sources other than the Issuing Office. Bid security shall be furnished in accordance with the Instruction to Bidders.
For bids exceeding \$50,000.00, Bidder must indicate his Certificate of Responsibility Number on the outside of sealed proposal as required by Mississippi Law. Effective July 1, 2010; Per MS Code 31-3-21(3); any bid submitted by a nonresident contractor which does not include the nonresident contractor's current state law pertaining to such state's treatment of nonresident contractors, shall be rejected and not considered for award. If no such law exists in the non-resident contractor's state, then the non-resident contractor may provide a statement to that effect.
No bidder may withdraw his bid within sixty (60) days after the actual date of the opening thereof.
The Owner reserves the right to waive any informalities or to reject any or all bids. Published by order of the (Owner); this the 5th day of October, 2022.

CITY OF DIAMONDHEAD, MISSISSIPPI
NOTICE OF ORDINANCE ADOPTION - 2023-002
This ordinance was passed by the City Council October 4th, 2022 and becomes effective November 3rd, 2022.
ORDINANCE GOVERNING SHORT-TERM RENTAL UNITS FOR THE CITY OF DIAMONDHEAD, MISSISSIPPI
This article shall be known as Short-Term Rental Units.
ARTICLE ____ - SHORT TERM RENTAL UNITS
Sec. ____ - Definitions.
The following words, terms, and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:
Licensed premises means the premises specified in an approved application for a license under this chapter which are owned or in the possession of the licensee and within which such licensee is permitted to provide a short-term rental in accordance with the provisions of this article.
Local contact person means the person designated by the owner or the owner's authorized agent or representative who is responsible for the day-to-day operations of the short-term rental unit living within 25 miles of the unit and who may be contacted and will be available 24 hours per day, seven days per week for the purpose of:
(1) Responding within 60 minutes in person to complaints regarding the condition, operation, or conduct of occupants of the short-term rental unit; and
(2) Taking remedial action to resolve any such complaints within a reasonable period of time after notification by a city, water & sewage, or fire department representative.
The local contact person may be the owner or agent of the owner. As shall be appropriate under the circumstances the local contact person (in addition to the owner) shall be subject to any enforcement action as shall be commenced by the city. The local contact person shall be required to adhere to all laws and regulations of the city, county and state as shall be applicable to their activities in this regard.

Owner means the persons or entities that hold legal and/or equitable title to the licensed premises.
Premises means the same as the term "dwelling," which is a room or suite of rooms with a single kitchen used for the residential use and occupancy of one family, including a single-family residence or residential condominium unit or any other residential real estate improvement that is located in a zoning district within which short-term rental is allowed pursuant to the ordinances of the city, and which is rented to persons other than the owner.
Short-term rental unit means any dwelling or portion thereof that is available for use or is used for accommodations or lodging of guests, paying a fee or compensation for a period of less than 30 consecutive days. The term "short-term rental" does not include any hospital, convalescent or nursing home, shell houses, group homes, or sanitarium or any similar facility associated with a hospital providing rooms for medical patients and their families. The term "short-term rental unit" shall also not include mobile homes, manufactured homes, travel trailers, tents, recreational vehicles, campers or other similar vehicles or similar type of structures and does not include a bed and breakfast facility that is permitted separately by city ordinance. Proof of ownership of the premises may be established via warranty deed, quitclaim deed, or property tax statement. Short-term rental units are not to be used to distribute retail products or personal services to invitees for marketing or similar purposes. The outdoor display of goods and merchandise for sale is prohibited. Short-term rental units will not be allowed to be used as an outdoor venue for weddings, receptions, parties, or similar activities or functions, except in such zones where otherwise allowed in the city's code.
(Ord. No. ____ Sec. ____)
Sec. ____ - Permit required.
It is unlawful to conduct or operate a short-term rental without having obtained a permit pursuant to the provisions of this article. Therefore:
(1) A short-term rental permit is required for each short-term rental unit.
(2) Applications may be made for short-term rental and permits granted, where appropriate, in all R-1, R-2, R-3, R-4, and MH zones, as identified in the city's zoning maps and ordinances implementing same. In all R-1, R-2 and MH zones, short term rentals shall not be within 1,000 linear feet from property to property of another short-term rental.
(3) The permit process requires an application completed in accordance with the following which may be obtained at the

Building Department:
a. The Application shall contain such information as the Building Department shall from time to time reasonably require, including, but not limited to, the location/ address of the short-term rental unit, number of bedrooms, the number of persons the short-term rental proposes to accommodate, the name of the property owner and warranty deed, sales tax collection certificate, and the name, address, email, and telephone number of the local contact person who is available for contact, a copy of the proposed rental agreement, proposed parking plan (reviewed and determined upon signing and inspection by the Building Department), rules applicable to renters, and a plan for waste management. b. The city does not enforce private restrictive covenants. Approval of any short-term rental shall not legalize any use of a structure otherwise prohibited by any restrictive covenant or applicable law as shall be determined by a court of competent jurisdiction.
c. The Application shall include a statement from the building official and fire department affirming that the structure to be rented is otherwise in compliance with all applicable zoning requirements, building and fire codes, including, but not limited to, smoke and carbon monoxide detectors, emergency means of egress, fire extinguishers, GFCCI outlets in wet locations, and that all applicable property taxes, fees and other charges have been paid.
d. A nonrefundable application fee of \$200.00 or such fee as shall be established by order of the city council hereafter shall be paid by the applicant at the time of filing the application with said application fee concerning the costs of inspection, enforcement, and administrative expenses and time affiliated with the processing of the application.
e. If the Building Department shall determine that any applicant is not entitled to a permit, the applicant upon receipt of written notification may appeal such decision within 10 days thereof and seek Planning and Zoning Commission approval upon an advertised hearing. The Planning and Zoning Commission shall schedule an advertised hearing of such matter as set forth in the Planning and Zoning Ordinance in the same manner as is set forth for the appeal of a decision of the Building Official.
f. As the conclusion of the public hearing, the Planning and Zoning Commission shall approve or disapprove the application and send its decision. If the applicant is aggrieved by the decision of the Planning and Zoning Commission, the applicant, within 10 days thereof may appeal such decision to the City Council to be heard at the next regularly scheduled meeting of the City Council.
The appeal before the City Council shall be confined to the record made before the Planning and Zoning Commission unless the City Council decide, in their sole discretion, to receive additional evidence. The City Council shall consider the appeal and render its decision with respect to the issuance or denial of the permit, setting forth its reasons for such. Any aggrieved person may appeal such decision to the circuit court in the time and manner provided by law.
(4) The short-term rental unit will be considered a residential R-3 occupancy under the city's International Residential (IRC) and International Building (IBC) Codes.
(5) Each short-term rental permit shall expire one year from the date of issuance of the permit and is non-transferable. Renewal application must be submitted no later than 30 days prior to permit expiration.
(6) A renewal permit may be obtained by the payment of \$200.00, or such fee as may be established by order of the City Council hereafter and filing an application for renewal with the Building Department. Permit renewal process will include staff review of city records and other documentation pertaining to complaints, if any, that have been received about the specific short-term rental unit under consideration. Filed complaints that are in violation of zoning codes, building codes, property maintenance codes and/or applicable laws or regulations will be considered as part of the renewal process. Applicable local, state, and federal laws or regulations may serve as basis for denying a permit renewal. If permit renewal is denied, the Building Department shall provide notice as to the reasons for denial, and if applicable, the applicant shall be allowed 10 days to correct any deficiencies itemized. At the expiration of 10 days, an applicant may appeal the denial of the permit renewal to the Planning and Zoning Commission. The appeal must be in writing and must be filed within 10 days of receipt of the final denial of the permit renewal. The appeal process thereafter will follow the process set forth herein above for the original permit.
(7) Short-term rental permits are not transferable. Upon sale or any type of transfer of the property, any permit issued pursuant to the terms set forth herein, shall automatically expire. Any new owners shall be required to apply for a new permit in accordance with this article. The new permit shall be for a period of one year from the date approved.
(Ord. No. ____ Sec. ____)
Sec. ____ - Rules and regulations of short-term rental units.
(a) Occupancy. The maximum occupancy for each short-term rental shall be as determined by the building official based on the inspection of the premises

of all local contact persons and owners for short-term rental units in case complaints are received after regular city office hours. Verified complaints concerning noncompliance with the terms of this article may be considered in determining whether a permit shall be revoked or renewed. (Ord. No. _____, Sec. _____)

Sec. _____ - Denial, suspension, or revocation of a license. Conditions for denial of permit or revocation of permit to operate a short-term rental unit shall include, but in no way limited to, the following:

- (1) The applicant failed to conform to the conditions set forth herein for the current or previous year.
 - (2) Guests and/or users of the property were issued three or more noise ordinance and/or disturbing the peace citations during the previous or current year and the owner/local contact person subsequently failed to take the appropriate corrective action to prevent such disturbances after being notified by the city to do so.
 - (3) Any reasonable or rational factors or combination of factors, including, but not limited to, inadequate lot size, inadequate off-street parking, lack of response from owner or local contact person to resolve complaints, filed complaints of violation of the zoning code, building code, property maintenance code and/or applicable laws or regulations (may be a basis for suspending or denying a permit) where the owner or local contact person failed to take reasonable steps to prevent such violations.
 - (4) The Building Department is authorized to revoke permits under the aforementioned circumstances. A permitted owner shall be provided written notice of the reasons the permit is subject to revocation. The applicant shall be allowed 10 days from the date written notice is issued and transmitted to the applicant to correct defective conditions. If the condition is not corrected within 10 days to the reasonable satisfaction of the Building Department, the permit for the short-term rental unit may be revoked by issuing such order. Upon receipt of such by the owner or local contact person, the unit shall immediately cease operation. The owner may appeal the order revoking the permit. The owner's appeal must be in writing and filed with the Building Department within 10 days of entry of the order. The revocation order shall remain in full force and effect during the pendency of the appeal. The appeal shall be presented to the Planning and Zoning Commission at the next available scheduled meeting following the filing of the appeal. The owner must be afforded notice and the opportunity to be heard. The decision of the Planning and Zoning Commission shall be final unless within 10 days of the issuance of the decision the owner shall file an appeal to the City Council. (Ord. No. _____, Sec. _____)
- Sec. _____ - Violations. Any persons or users who allow such use of a residential property in violation of this article shall be guilty of a misdemeanor. For the purposes of prosecution of violations of this article, each day that any violation occurs (rental without a permit) is deemed to constitute a separate violation. Those found guilty of a first violation of this article shall be fined, for the first offense, not less than \$300.00 and, for second and subsequent offenses within any 12-month period, not less than \$500.00 and not to exceed \$1,000.00, plus court costs and assessments, if any. (Ord. No. _____, Sec. _____)
- Secs. _____, Reserved. This Ordinance having been adopted shall be in force and effective thirty (30) days after its adoption and publication by the Mayor and City Council of the City of Diamondhead, Hancock County, Mississippi. ORDAINED, ADOPTED AND APPROVED by the Mayor and City Council of the City of Diamondhead, Hancock County, Mississippi at its regular meeting held on the 4th day of October, 2022. Motion made by Ward 3 Cumberland, seconded by Ward 4 Clark to adopt Ordinance 2023-002. Voting Yea: Mayor Depreo, Councilmember-At-Large Maher, Ward 1 Finley, Ward 2 Liese, Ward 3 Cumberland, Ward 4 Clark. Motion Carried Unanimously Whereupon, the Mayor declared the motion carried and the Ordinance adopted this the 4th day of October, 2022. Jeannie Klein, CITY CLERK 10/19/22

COMBINED PUBLIC NOTICE
NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND
NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS AND
PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN THE 100-YEAR FLOODPLAIN AND WETLAND
OCTOBER 19, 2022
City of Waveland
301 Coleman Avenue
Waveland, MS 39576
These notices shall satisfy three separate but related procedural requirements for activities to be undertaken by the Bay Waveland Housing Authority.

REQUEST FOR RELEASE OF FUNDS
On or about November 3, 2022, City of Waveland will authorize Bay Waveland Housing Authority to submit a request to HUD under 24 CFR § 970.19 - Disposition of property to obtain funds to provide affordable housing. The location is 1100 Ru de Lasalle, Waveland, MS.

NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN THE 100-YEAR FLOODPLAIN
This is to give notice that City of Waveland has determined that the following proposed action under 24 CFR § 970.19 - Disposition of property is located in the 100-year floodplain, and City of Waveland will be identifying and evaluating practicable alternatives to locating the action in the floodplain and the potential impacts on the floodplain from the proposed action, as required by Executive Order 11988, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management and Protection of Wetlands.

Rue De LaSalle Site is the disposition of a vacant 7.06-acre tract of land that formerly had single-family residences that were destroyed by Hurricane Katrina. The purpose is to use the proceeds from the disposition to provide much needed affordable housing in the area. The project site is located within Zone AE (area of special flood hazard with water surface elevations determined) as indicated on Preliminary Flood Insurance Rate Map 28045C0324D effective 10/16/2009 and partially located in a wetland. The affected area of floodplain is approximately 7.06 acres, and the area of affected wetlands is approximately one acre. The project is located at 1100 Ru de Lasalle, Waveland, MS.

City of Waveland has considered the following alternatives and mitigation measures:

1. No Action.
2. No building construction in the 100-year floodplain
3. No building construction in the wetland

City of Waveland has reevaluated the alternatives to building in the floodplain and has determined that it has no practicable alternative. It is recommended that the wetlands be avoided or if not possible to mitigate in accordance with USACE requirements. Environmental files that document compliance with steps 3 through 6 of Executive Order 11988 are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and wetlands and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Commenters are encouraged to offer alternative sites outside of the floodplain, alternative methods to serve the same project purpose, and methods to minimize and mitigate impacts. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplains and wetlands can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

FINDING OF NO SIGNIFICANT IMPACT

City of Waveland has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at Bay Waveland Housing Authority, 601 Lucien Kidd Street, Bay Saint Louis, MS 39520 and may be examined or copied weekdays 10 A.M. to 4 P.M.

PUBLIC COMMENTS
Any individual, group, or agency may submit written comments on the ERR to the RE designated office responsible for receiving and responding to comments. All comments received by November 2, 2022, will be considered by City of Waveland prior to authorizing submission of a request for release of funds. Comments should specify which Notice they are addressing.

ENVIRONMENTAL CERTIFICATION
City of Waveland certifies to HUD that Mike Smith in his capacity as Mayor consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows the name of grant recipient to use Program funds.

OBJECTIONS TO RELEASE OF FUNDS
HUD will accept objections to its release of fund and the RE's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of City of Waveland (b) the RE has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient or other participants in the development process have committed funds, incurred costs or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to HUD office at US Department of Housing Urban Development, Dr. A McCoy Federal Building, 100 W. Capitol Street, Suite 910, Jackson, MS 39269. Potential objectors should contact HUD to verify the actual last day of the objection period. Mike Smith, Mayor, City of Waveland 10/19/22

Statewide Wildland Fire Risk Alert

SEA COAST ECHO

Effective October 17, 2022, the Mississippi Forestry Commission (MFC) is issuing a statewide Wildland Fire Alert. The MFC encourages the public to postpone unnecessary outdoor burning activities until drought conditions improve. The state has experienced little to no rainfall over the last few weeks. As a result, the MFC has responded to 227 wildfires, with 3032 acres burned since September 15, 2022. These conditions, combined with the high winds and low humidity expected from the approaching dry cold fronts, create an increased risk for devastating wildland fires.

Currently, Calhoun, Chickasaw, Clay, Copiah, Humphreys, Jefferson Davis, Lawrence, Lee, Lincoln, Marion, Noxubee, Panola, Pike, Pontotoc, Quitman, Sunflower, Tallahatchie, Tate, Union, Walthall, Washington, and Yazoo counties have burn bans. Please check the website (www.mfc.ms.gov) periodically, as this list is continuously updated.

Until the wildfire conditions improve, we ask everyone to use caution while doing outdoor activities and be mindful of all ignition sources. The below tips should be followed when it is safe to have an outdoor fire:

- Check with local authorities to make sure there are no local restrictions on burning currently in place
- Do not burn on windy days
- Stay abreast of changing weather conditions
- Establish wide control lines down to bare mineral soil at least five feet wide around your fire
- Keep fire containment equipment on hand during the fire (e.g., rake, shovel, water)
- Stay with the fire until it is completely out.

If you spot a wildfire, please report it immediately by dialing 911, or you can also contact MFC Dispatch at 1-833-MFC-FIRE (1-833-632-3473)

rade a success, and we are extremely grateful. The creativity of their costumes and decorated units are simply FANG-tastic.”

Adams said this year’s grand marshal will be U.S. Coast Guard Port Security Unit 308, which will be led by krewe captain Mayor Mike Favre.

“Safety is our number one concern, so we would like to remind all parade goers to keep their distance from the rolling units and not to approach them,” Adams said. “We will be throwing into the crowds so you will catch more if you stand back.”

Adams said a lot of people worked together to make the Boo in the Bay possible.

“BOO in the Bay would like to thank in advance the Bay St. Louis Police department, Mayor Mike Favre, and the Bay St. Louis City Council,” she said. “We would also like to thank and give a big shout out to the City of Waveland for graciously allowing us the use of their barricades which will provide more safety for both our riders and parade goers.

“We are looking forward to seeing everyone on the parade route and providing a hauntingly memorable experience.”

Reigning this year as Queen Boo will be Ezra Cazes, who is almost three years old.

“Ezra was born with 22q11.2 deletion syndrome & multiple congenital heart defects, but she has blown us all away beating the odds stacked against her and she is currently thriving & living her very best life,” Adams said. “BOO in the Bay is ghoulishly

blushing over our beautiful Queen BOO.”

This year’s king is four-year-old Bransyn Karter Peterson, Adams said.

“Bransyn was born with profound deafness at birth and received cochlear implants at a year old then developed a love for singing and listening to music,” Adams said. “BOO in the Bay is hauntingly excited to have Bransyn as our King BOO.

“Bransyn and all the families served at the Children’s Center for Communication and Development at USM receive their services free of charge. Thanks to the gracious donors, The Children’s Center is able to help these amazing children play, learn and grow.”

Witches Walk and Night at the Beach

The annual Witches Walk Bay St. Louis is scheduled for Saturday, Oct. 29, beginning at 11:30 a.m..

Each year, scores of people fill Old Town Bay St. Louis in their best witch garb or other spooky costumes, enjoying food, live music, the Witches Walk and the Best Costume Contest.

This year’s Witches Walk will be capped off by The Arts, Hancock County’s second annual “A Night on the Beach,” from 7-11 p.m. on Oct. 29. The gala is scheduled to be held at the home of Mamie Hillery. Tickets are \$125 per person and includes food and beverages. Costumes encouraged, but not mandatory. For tickets, go to www.hancockarts.org.

• PROJECT Continued from Page 1

“The RESTORE Dock is another valuable addition to Hancock County’s infrastructure,” Reeves said. “It will help strengthen our state’s supply chains and lead to more economic opportunities for Mississippians. I’m grateful for the hard work of all our partners in bringing this important project to completion.”

“Port Bienville’s RESTORE Dock project is another shining example of putting the funding received through the RESTORE and GOMESA legislation to good use. This project will aid in bringing further economic growth opportunities to the Mississippi Gulf Coast. I commend the Hancock Port and Harbor commission for their stalwart commitment to growing the coast’s maritime business,” said Congressman Steven Palazzo.

The project was funded by a \$7.4 million RESTORE Act grant in 2017. An additional \$510,000 in funding came from the Mississippi Department of Environmental Quality’s GOMESA program. HCPHC contributed the remaining \$870,000.

“Port and Harbor Commission is committed to growing economic opportunities,” CEO Bill Cotter. “Thanks to the support of federal, state and local partners, this infrastructure investment will support business operations and

continued growth of our maritime business.”

The construction project was awarded to Gill’s Crane and Dozer Service, Inc., of Slidell, for \$7.4 million. Notice to proceed work was issued in May 2021.

The RESTORE Dock is part of a 35-acre parcel on the industrial canal at Port Bienville. With maritime, rail and road access, the inter-modal facility could support transload operations, bulk material handling, liquid transfer and warehousing for import/export businesses.

Each year, about 480,000 tons of material move across Port Bienville’s public and private docks. When it is completed, RESTORE Dock will be the fifth public dock in HCPHC’s portfolio. Two additional docks are owned by industrial tenants at the port.

“The Port and Harbor Commission continues to invest for the future of Hancock County,” Cotter said. “Our industrial assets provide the logistical solutions that allow existing tenants to expand and attract new businesses to the area.”

With its 12-foot-deep industrial canal, Port Bienville provides access to the Intracoastal Waterway via the Pearl River. Connecting Port Bienville to CSX, Port Bienville Railroad boasts 17 miles of track and processes over 8,000 loaded railcars a year. The industrial park is home to 16 companies employing nearly 700 people.

Meet Ace!

He is one handsome guy! This 2 year old Staffordshire Bull Terrier mix is all muscle and heart, and we'd love for you to come meet him. He is always smiling, and is happiest when hanging with our staff and volunteers in our doggie play yard. He is rather shy when kenneled, and this may be the reason that he has been overlooked for adoption. His ears aren't so perky, and his smile is not quite so big when he is in his living area. But, when he steps out to meet new folks, his true personality shines on! So, please stop by and ask for Ace, and spend some quality with him in the play yard. He is eager to bond with his human BFF, and to begin a life of friendship and fun. Ace is quite the looker, and sweet as pie too. He is wing man material for sure. Anyone with this guy by their side will look a whole lot cooler!

Our visiting hours are Mon-Fri 10am-3:30pm, or you may call our front desk at 228-466-4516 to schedule an appointment. Please bring your dog (s) and children along for the visit to ensure compatibility.

Judicial College. Having an astute attention to detail and the ability to move tasks forward expeditiously, I know what it takes to obtain the solutions and how to navigate the complicated governmental agencies to accomplish the difficult tasks that face our city.

WHAT NEIGHBORHOOD DO YOU LIVE IN AND WHY? WHERE ARE YOUR FAVORITE PLACES TO SPEND TIME IN WAVELAND?

I am a lifelong resident of the area, grew up on Ulman Avenue in Bay St. Louis, am the daughter of E.V. “Gus” Aime and the late Janet Breland Aime. I have lived in Ward 1 of Waveland for over 35 years where I raised my three children and am married to Ret. Army Major, Jay V. Gamble. I am the fourth generation on both the Breland and Aime sides of my family to make Ward 1 my home. As a matter of fact, my home was built by my late grandfather, K. T. (Ted) Breland.

I love our community and the people in it. I enjoy meeting with people at various functions and events. We are very fortunate to live in an area where we can spend time at these events and take the time to enjoy the beauty of our beaches and parks. I am an avid reader and enjoy sitting in my yard under the shade of the large Live Oaks with a good book. I miss the days of taking my boys playing baseball at the Waveland fields, and shopping and visiting on Coleman.

WHAT DO YOU THINK IS THE NUMBER ONE ISSUE WAVELAND IS FACING RIGHT NOW AND WHAT WOULD YOU DO TO RESOLVE IT?

Waveland has been struggling since Hurricane Katrina and I am committed to kicking Waveland’s economy development into high gear. It isn’t too late. But it requires a strong voice and proactive approach. We can accomplish this by expanding and improving community amenities, through cooperation and partnerships which will fuel infrastructure, education, business, and the non-profit sector. I want to work for the people of Ward 1 and the entire city of Waveland and be the voice for the people.

WHAT IS THE ONE THING YOU LIKE THE MOST ABOUT LIFE IN WAVELAND?

I feel that the residents are the lifeblood and spirit that makes Waveland great. The resilience of those who make Waveland home keeps it moving forward. We are no stranger to the devastating forces of Mother Nature, having been literally destroyed during hurricanes of the past. But as the Phoenix rose from the ashes, we continue that resilient spirit and come together, neighbor helping neighbor, and rebuild better and more beautiful than before.

IF YOU COULD CHANGE ONE THING ABOUT WAVELAND, WHAT WOULD IT BE?

If I could change just one thing about Waveland, it would be the pace at which city government moves and addresses current and potential issues. I believe in the potential for Waveland to be a power player along the coast. We need to tap into every resource at our disposal and create the energy needed to draw businesses, industry, and residents to our doorstep. Economic development is needed to reach the next step in our recovery. We owe that to our children and grandchildren to keep the next generations here locally.

WHY ARE YOU SEEKING PUBLIC OFFICE AND WHAT DO YOU HOPE TO ACHIEVE?

To say that I am passionate about my community is an understatement. I have a reputation for being the first to volunteer and assist with a public need. I have not waited for an election to lend a helping hand for the people of my ward and their needs. I have been actively participating in city issues, such as blighted properties, ordinances, the development of a golf cart reciprocal agreement, and the indexing and organization of the city charter. I have been asking questions to the city, both at the Board meetings and directly to City Hall and have sought documents for almost two years now to find the answers and the solutions. My experience and knowledge of Waveland removes the learning curve and will provide Ward 1 with knowledgeable representation from day one. I want to continue my tireless effort and work for the people of Ward 1 as their voice in city government as their Alderman.

BOB MARTIN

WHAT IS YOUR EDUCATIONAL/ PROFESSIONAL BACKGROUND AND HOW WOULD YOU APPLY THAT TO YOUR OFFICE ON BEHALF OF THE PEOPLE OF WAVELAND?

- College graduate
- More than twenty years of Community and State relations with CSX Transportation
- P.O.S.T .Certified Instructor for Accident Reconstruction on train vehicle collision for First Responders and Law Enforcement---five state area
- US Treasury
- US Navy Veteran serving three tours in Viet Nam
- I currently serve on Hancock County Port and Harbor Commission as Treasurer
- Published Author
- I would use my community networking skills to bring leadership to the city of Waveland using resources from our Hancock County Port and Harbor Commission to build our business community. As Treasurer of Hancock County Port and Harbor Commission, I currently manage a budget more than double that of Waveland. I will use my expertise to help build a better city budget so that we can improve the city’s services. Using my previous experiences, I will support our first responders that protect our basic way of life. I will support our hometown veterans as a proud Navy Veteran. With my business background I

plan on adding validity to all actions taken by the Mayor and Board of Aldermen. I will do my due diligence to support a transparent government that represents all the constituents of Ward 1.

WHAT NEIGHBORHOOD DO YOU LIVE IN AND WHY? WHERE ARE YOUR FAVORITE PLACES TO SPEND TIME IN WAVELAND?

My wife Donna and I live in the E.W. Ulman subdivision of Waveland on Nicholson Avenue. We found this area the perfect place for us, with its historical Oaks, proximity to the beach and water, and its peaceful neighborhood. We chose Waveland to build our forever home because it offers everything we want and need; it is close to shopping centers, easy access to I-10, health care is readily available, and there is a strong military presence. Waveland offers the opportunity for recreation and self-expression through a strong and vibrant art community. It has that hometown feel of a close-knit community.

In my spare time, my favorite place is on the water. One of the reasons I live here is because of the beaches and the water. Waveland is a beautiful city, where the beaches and water are a drawing card for visitors and residents alike. I find that some of the best days can be had fishing and using our natural resources to enhance our way of life. We must protect our natural resources by maintaining and keeping our waters clean, our beaches free from trash to protect this way of life. I know how important our outdoor venues are to our citizens, including the fishing pier. People need recreation to live a balanced life and I will work to protect these assets.

WHAT DO YOU THINK IS THE NUMBER ONE ISSUE WAVELAND IS FACING RIGHT NOW AND WHAT WOULD YOU DO TO RESOLVE IT?

Business development is the number one issue facing Waveland, in my opinion. We must work to identify opportunities to reach new businesses and markets. This is an important gateway to unlocking long-term values for our community. We live in a market-rich environment because of our lifestyles, demographics, and our strong relationships. To build our business community takes a concerted effort on the part of city leaders. When businesses develop and thrive, the community thrives with enriched opportunities for recreation, improved infrastructure, better school facilities for our children, and a broader tax base. As Alderman, I will help seek out business development utilizing the Hancock County Port and Harbor Commission business development unit which will help bring business to Waveland at no expense to the city.

WHAT IS THE ONE THING YOU LIKE THE MOST ABOUT LIFE IN WAVELAND?

The one thing that makes Waveland stand above other cities is its citizens and our way of life. We have it all here

in Waveland, everything a person needs to create a life and live that life the best way possible. I came to the Mississippi Gulf Coast and to Waveland right after Katrina. I was here when City Hall was a tent on Coleman Avenue to prepay the taxes for my company so that this city and those like it would have working capital after the storm. I saw what Waveland was then and what the people were like at their worst moment. I was here just like so many others, to help this community grow again. We cannot get Waveland back to what it was, we can never have that again; we can, however, become a stronger and a healthier place. In my time spent here post-Katrina, I saw a proud, hardworking, supportive community. A community that shares an emotional connection while working together to build a sense of place for what we have today. I know there is work to be done to make Waveland a better place to live and work, I also know that we the people are the ones that can make it happen for a better tomorrow.

IF YOU COULD CHANGE ONE THING ABOUT WAVELAND, WHAT WOULD IT BE?

The one change I would make would be the way our city’s properties are maintained. Our parks, including but not limited to Veterans’ Park, our buildings; fire houses, police department, and other government buildings, i.e. City Hall, including our pier, and Rights of Way. We should be aware that

these public assets; our parks, city buildings, and community areas require protection for the health, welfare, and the safety of the tax paying public. I see this as an under-addressed need in Waveland. We can do a better job of maintaining what we have by opening lines of communication with our city employees, and our citizens. With a comprehensive plan for the city, this allows our infrastructure to become a priority within by utilizing our city’s oversight to make our city work for us, the people. We can then become a solvent city that gets out of the “Pay as you Go” mentality through allocation of proper funds to make this taxpayer investment a priority.

WHY ARE YOU SEEKING PUBLIC OFFICE AND WHAT DO YOU HOPE TO ACHIEVE?

I decided to seek the position of Alderman Ward 1 after listening to my friends and neighbors discuss the same issues continually, and there were many, without seeing any results. I could not hold on to the ideas that we needed a different way of doing business without putting myself as the one that could help move our community forward. I have had more than twenty years of experience managing projects and establishing working relationships with cities, municipalities, and towns across five southern states. We have what it takes to make Waveland the best city on the coast, with the proper direction and leadership.

My goals for the posi-

tion of Alderman Ward 1 are to increase the funds for our infrastructure with a budget that is balanced. I have identified that Waveland has an insufficient capital improvement budget. We should increase our financial reserve for emergencies to a point where the city can operate for a minimum of six months, if required. While we have a line-item budget for infrastructure and capital improvement, this needs to be a separate budget all together. We cannot continue to operate the business of the city the way we did seventeen years ago, or even ten years ago, the city has changed, people have changed, and we must conduct our business a different way for us to move this city forward for the sake of our citizens and for generations of the future.

Editor’s Note: A similar meet the candidates featuring all candidates in the general election on Dec. 6 will be published two weeks prior on Nov. 23.

Behind two second-half running touchdowns from Pass Christian Running Back Jacques Alexander-Dedeaux, the Pirates upend-

ed the Bay High Tigers 24-17 to earn their second consecutive playoff berth. Allison Renee Mauffray was named Bay High's 2022 Homecoming Queen. Allison is the daughter of Renee and

PJ Mauffray of Bay St. Louis. "We started good from the second half after not performing well in the first," said Pass Christian Head Football Coach Chase Carmody, who's in his third year,

but first victory over Bay High. "We just have to get better at closing out games. Bay certainly fought until the end." After the Pirates' (5-2, 2-0) 10-7 lead at the half, Pass Christian marched down the field

during the first possession of the third quarter for an eleven play drive that resulted in a 12-yard touchdown run from Alexander with 9:13 left and a 17-7 lead. In the fourth quarter, Bay High (2-5, 0-2)

moved down the field on three penalties to Pass Christian, but could not advance inside the red-zone and settled for a short chip shot field goal from Avery Harris with 5:37 left in the game. The Pirates drove down the field until Alexander got his second opportunity to attack the pylon with 1:45 left. Once the extra point was converted, the game was secured with a 24-10 lead and finished at 24-17 for the Pass Christian victory. "Our kids came out and gave everything they had, I put the loss 100 percent on me," said Bay High Head Football Coach Jeremy Turcotte. "I just didn't have us ready to play in certain ways tonight." Bay High will return home this Friday to play Moss Point at 7 p.m. Pass Christian will host Stone County at the Francis McDonald Stadium.

Hawks defeat Warriors 31-24

The Hancock Hawks on Friday defeated the D'Iberville Warriors 31-24 on the road.

BY DWAYNE BREMER

Zachary Gullung's one-yard touchdown run with a minute to play was the difference Friday as the Hancock Hawks won a thriller, 31-24 over the D'Iberville Warriors. "We responded well to some early adversity," Hawks Head Coach Neil

Lollar said. "The coaches did an excellent job of keeping us grounded." The Hawks (5-3) trailed 10-0 late in the second quarter before Gullung scored his first of three touchdowns on the evening. Hancock's Colby Kern then intercepted a pass in the endzone with just under 20 seconds to play in the half to thwart

a Warrior drive. The Hawks, however, were not content with going to the break while down a field goal. Dylan Moran connected with Todd Dedeaux on a throwback pass that netted 41 yards and a penalty moved the ball to the 23. Moran then found Neil Acker open for a 23-yard touchdown with

just six seconds to play before halftime to give the Hawks a 14-10 lead. The touchdown was the Hawks' third in three weeks in the seconds before the half. "It's something we have worked on and been executing," Lollar said. "It was huge for us." The Hawks extended their lead to 21-10 early in the third, but D'Iberville returned the ensuing kickoff 70 yards for a touchdown to cut the score to 24-17. Finn Cowan booted a 28-yard field goal to give the Hawks a 24-17 lead, but the Warriors tied things up at the 5:37 mark of the fourth. Hancock then proceeded to drive seven plays for the winning touchdown. A last-gasp pass for D'Iberville was squashed by a sack by Leonard Kemper. The Hawks return home this Friday night to clash with Harrison Central.

SSC cages Bulldogs 38-0 for Homecoming

BY JOSEPH W. GEX, II
STAFF WRITER

The Saint Stanislaus Rock-A-Chaws used a suffocating defense and balanced offense to blank the Seminary Bulldogs for a 38-0 Homecoming victory 'between the walls' on Friday evening. The Rocks (5-3, 2-0) held the Bulldogs to a mere 105 yards of total offense. The defense sacked the Bulldogs four times and nine tackles for loss in the game. On offense, the Rocks rushed for 164 yards and threw for 154 yards as they started five of their 10 possessions inside the Bulldogs 45 yard line.

SSC won the toss and after forcing a three-and-out, the Rocks mounted an eight-play drive that culminated in a 40-yard field goal by Evan Noel with 9:17 remaining in the first quarter for a 3-0 lead. The two squads traded possessions before the Rocks found paydirt on a 12-play drive. With a heavy dose of Chandler Chapman and Kyle Stegall, SSC found the endzone when Chapman scored on a seven-yard run with 11:22 left in the first half. Noel's PAT made the score 10-0. Spencer Cornell and the Rock defense forced a quick punt on the ensuing possession. The Rocks took over on the Bulldog 40 yard

line. Hudson Osborne connected with Ethan Galloway on a 37-yard aerial before Chapman scored from three yards out with 8:20 left in the half. Noel's PAT pushed the score to 17-0. The Bulldogs mounted their best drive of the game going 11 plays but stalling on the Rock 45 yard line. It took SSC five plays to find the endzone as Stegall picked five yards on the ground followed by a 28-yard aerial from Osborne to Galloway. The drive ended with

DWGAN Golfing News from September of 2022

BY SHIRLEY HALTERMAN

I wish to start off this article with an apology to two of our Nines gals — Kim Knight and Dinah Knobloch. Apparently, when I transmitted the information for the August article something went wrong with the photo of the Third Flight winners of the Elctic Tournament preventing their photo from being included in the article. Still don't know exactly what happened but regret the pic being omitted.

Now on to the month of September which proved to be as toasty as August. However, we are not easily dissuaded and managed to play to play golf on each of the four Tuesday mornings.

September 6th, found us playing our usual first Tuesday of the month Trophy Day. We tackled the front nine holes of the Pines Course. The Low Net winners were:

First Flight - 1st Place, Liz Bell, 2nd Place, Judy Tauzin, and 3rd Place, Therese Mauterer. Sec-

ond Flight - 1st Place, Toni Rossol, 2nd Place, Janice Murray, and 3rd Place, Kathy Jones. Third Flight - 1st Place, Sue Hebert, 2nd Place, Shirley Halterman, and 3rd Place, Brigitte Becker. The following scored the Lowest Putts: Flight 1 - Therese Mauterer, Flight 2 - Kathy Jones, Flight 3 - Dinah Knobloch. Closest to the Pin honors were taken by Flight 1 - Judy Tauzin, Flight 2 - Tracey Garriga, and Flight 3 - Brigitte Becker. Kathy Jones had a Chip-in on Hole #3 and Judi Brannan scored a Birdie on Hole #9 while Nancy Sislow did the same on Hole #6.

With the improving weather conditions, 28 gals signed up to play "Add Par 4s" on Tuesday, September 13th. The back nine of the Cardinal was the chosen course for the day. The low net winners of this event were: Flight One - 1st Place, Toni Rossol, 2nd Place, Therese Mauterer, and 3rd Place,

Tony Lippon. Flight Two - 1st Place, Tracey Garriga, 2nd Place - Janice Murray, 3rd Place, Nancy Sislow. Flight Three - 1st Place, Margaret Sherwood, 2nd Place, Shirley Halterman, 3rd Place, Pat VanDervort. And, last but certainly not least, Flight Four - 1st Place, Mary Craig Murray, 2nd Place, Beryl Laird, and 3rd Place, Sylvia Corban. When it came to the Low Putt competition, Flight One - Ton Rossol had only 8 putts. However, in Flight Two - we had a three-way tie with Kathy Jones, Janice Murray and Nancy Sislow each scoring only 10 putts. Dinah Knobloch took the First Place honors in Flight Three with only 8 putts. The winner of this event in the Fourth Flight was Mary Mizell with only 11 putts. Margaret Sherwood scored a Chip-in on Hole #11 while Mary Mizell did the same on the very same hole. Great golfing gals!

On the third

Tuesday of September, we played the front nine holes of the Pine Course using only irons or hybrid clubs. For this event our winners were: Flight 1 - 1st Place, Judy Tauzin, 2nd Place, Toni Rossol, and 3rd Place, Therese Mauterer. Flight 2 - 1st Place, Kathy Jones, 2nd Place, Nancy Sislow and 3rd Place, Carroll Gothic.

Flight 3 - 1st Place, Carole Griffin, 2nd Place, Pat VanDervort, and 3rd Place, Brigitte Becker. Both Marilyn Galus and Judy Tauzin had Chip-Ins on Hole #7 plus Judi Tauzin scored a Birdie on Hole #2.

For the final Tuesday of September, the 27th, we played a Scramble on the Front Nine Holes of the Cardinal Course. Twenty Six gals turned out to play. The First Place Team was made up of Liz Bell, Cheryl Saak, Margaret Sherwood and Pauline Singer posting a score of 38. The Second Place Team comprised

Photo submitted
Kim Knight and Dinah Knobloch.

of Cathy Gesell, Jerry Ingraham, Kathy Jones and Therese Mauterer came in with a score of 38 while the Third Place Team with Beryl Laird, Barbara Linville, Toni Rossol plus a ghost produced a score of 40. Tracey Garriga scored a

Chip-In on Hole #8.

Since we managed to dodge the last hurricane, the weather is looking very promising for October, and we look forward to keeping you informed of our Fall golfing adventures.

OLA advances to Class 3A state finals

BY JOSEPH W. GEX, II
STAFF WRITER

The high school volleyball playoffs are in their final week of play. The OLA Crescents advanced to the Class 3A state championship game with their sweep of St. Andrew's Episcopal on Tuesday evening while Bay High and Hancock were bounced from the playoffs last week.

Bay High Lady Tigers The Lady Tigers (11-20) ended their season last Tuesday with a loss to Purvis in the Class 4A state playoffs. Game details were not available on the contest.

Hancock Lady Hawks The Lady Hawks (24-11) ended their season last Tuesday with a loss to Brandon 18-25, 14-25, 25-16, and 17-25. Leaders for Hancock were Peyton Russell with 13 kills, 2 aces, and 2 blocks followed by Alexa Palmer with 15 kills, 8 digs, 2 aces, and

2 blocks. Anslee James recorded 16 digs and 23 assists while Hannah Lee added 8 digs and 5 assists. Kansas Alexander and Cambria Necaize each added 11 digs.

Our Lady Academy Crescents

OLA swept St. Andrew's Episcopal on Monday evening to advance to the Class 3A state finals. The victory sends the Crescents (26-9) to their 19th state final in the sport since 2001.

On Monday, OLA beat the Lady Bruins 25-19, 25-23, and 26-24.

Throughout the match, OLA battled a determined foe and several unforced errors. In the third and final game, the Crescents were down 23-18 but rallied to outscore the Lady Bruins 8-1 to claim the game and match.

OLA head coach Emily Corley commented, "We taught the girls throughout the season

to always believe in themselves and to not quit until it is over. We emphasized that to them throughout the game tonight. The state finals has always been their goal throughout the season. They have worked hard to get back to this point. They are focused on taking the next step."

The Crescents will play Alcorn Central on Friday, October 21, at 1 p.m. This is a rematch of the Class 3A state finals last year which Alcorn Central won. On Monday evening, Alcorn Central beat Kossuth 3-1 to advance to the finals. OLA has won 14 state championships which is the most by any program in the history of the sport in Mississippi (2002-03, 2006-09, 2012-19).

In the Class 3A South State championship game, the Crescents were led by Casey Hanrahan with 12 digs and Myah Favre had 18 kills. Anna

Laura Williford also had 18 kills while Ava Alonso had 11 points. Avery Matheson finished with 37 assists.

The Crescents defeated Clarkdale last Tuesday 25-7, 25-9, and 25-14. The Crescents were led by Favre with 7 kills while Kinsley Jean

Stegall tallied 9 digs. Williford recorded 17 kills and Alonso had 13 points. Matheson had 22 assists.

Last Thursday the Crescents beat Enterprise 25-16, 25-16, and 25-13 to advance to Monday's game against St. Andrew's Episcopal.

OLA was paced by Julia Hoffman with 6 kills while Hanrahan had 16 points. Favre had 13 points and 28 kills while Williford had 10 points, 16 kills, and 9 digs while Matheson finished with 45 assists.

PLAYERS OF THE WEEK

VOLLEYBALL PLAYER OF THE WEEK

The Volleyball Player of the Week is OLA's Anna Laura Williford who helped the Crescents to two playoff wins over Clarkdale and Enterprise Clarke last week. She tallied 33 kills, 13 digs, 10 points, and 5 aces during the week.

FOOTBALL PLAYERS OF THE WEEK

OFFENSIVE PLAYER OF THE WEEK
The Offensive Player of the Week is Hancock quarterback Dylan Moran. He helped his Hawks' to a 31-24 victory over D'Iberville. In the game, Moran threw for 186 yards and a touchdown on 10-for-16 passing.

DEFENSIVE PLAYER OF THE WEEK
The Defensive Player of the Week is Bay High's Tysen Hawkins. This past week Hawkins recorded 16 total tackles including 4 tackles for loss and an interception in the Tigers' 24-17 loss to Pass Christian.

an 11-yard scoring run by Chapman with 2:01 left in the half. Noel's PAT made the halftime score 24-0.

During intermission, Saint Stanislaus crowned Miss Avery Matheson the 2022 Homecoming Queen.

On their second possession of the second half, the Rocks crossed the goal line when Kyle Stegall scored from nine yards out with 9:16 left in the third quarter. Noel's PAT made the score 31-0.

After holding the Bulldogs and forcing a punt that was downed at their one yard line, SSC took over on offense.

The Rocks mounted a nine-play drive that covered 99 yards. The drive was highlighted by gains of 11 and 18 yards by Chapman, 22-yard aerial from Osborne to Finn Williford, and a 39-yard toss from Osborne to Jackson Dicerbo. The scoring play was a six-yard toss from Osborne to Galloway with 2:17 left in the third quarter. Noel's PAT rounded out the scoring and made the final score 38-0.

SSC head coach Nate Encrapera commented, "We have been working very hard to put together four quarters of consistent play. Tonight, we came very close to that. There are things to

improve on and we will continue to focus on them; however, I am very proud of the players for their effort tonight and the week of practice we had. We have to continue that focus this coming week and prepare for a good Perry Central team on the road. I was also glad to see Kyle Stegall back on the field. He has had a long road back on recovery, but he has stayed focused on returning to the field. It was really nice to see him return and provide key snaps for us. It will add another dimension to the offense with him being available."

The Rocks were paced on offense by Chapman who rushed 17 times for 87 yards and three touchdowns. Stegall added 12 carries for 44 yards and a touchdown. Osborne threw for 154 yards and 2 touchdowns on 7-for-16 passing. Galloway caught four passes for 83 yards and a touchdown.

On defense, the Rocks were led by Spencer Cornell with 11 total tackles including three tackles for loss and two hurries. Jacob Bradford added 10 stops including a sack while Max Fromme added eight tackles including a sack. Chesley Rhodes had four tackles with two being sacks.

The Rocks travel north on Friday to take on Perry Central in New Augusta. Last week Perry Central defeated West Marion 42-24. Kickoff is set for 7 p.m.

BREAST CANCER

AWARENESS MONTH

Early warning signs for breast cancer

Breast cancer affects millions of women across the globe every year. According to the World Health Organization, breast cancer is the most frequent cancer among women, affecting 2.1 million women each year. As daunting as that may seem, the WHO also notes that early diagnosis can greatly reduce a woman’s risk of dying from breast cancer.

Women can be proactive in the fight against breast cancer by learning to identify early warning signs of the disease. The nonprofit breast cancer advocacy organization Susan G. Komen® notes that the warning signs for breast cancer are not the same for all women, but the most common signs include a change in the look or feel of the breast or

a change in the look or feel of the nipple. A discharge from the nipple is another common warning sign of breast cancer.

Physical changes in the breast can vary, but Susan G. Komen® advises women who notice these changes to bring them to the attention of their physicians immediately:

- Lump, hard knot or thickening inside of the breast or underarm area
- Change in the size or shape of the breast
- Swelling, warmth, redness or darkening of the breast
- Dimpling or puckering of the skin

Women with breast cancer also may notice physical changes in their nipples, including:

- Itchy, scaly sore or rash on the nipple
- Pulling in of the nip-

ple or other parts of the breast

It’s important that women recognize that physical changes in their breasts are not necessarily indicative of breast cancer. In fact, the American Breast Cancer Foundation notes that not all lumps in the breast cause cancer and that many such lumps are benign. Fibroadenomas and intraductal papillomas are examples of benign lumps, though it’s important to note that even benign conditions such as these may put women at greater risk of developing breast cancer.

Susan G. Komen® notes that breast tissue naturally has a lumpy texture. If lumpiness can be felt throughout the breast and it feels like your other breast, then it’s likely that this is just the normal tex-

ture of your breasts. However, women concerned by a lump or lumpy texture are urged to discuss those concerns with their physicians immediately.

Discharge from the nipple is another potential sign of breast cancer, but Susan G. Komen® notes that such discharge is rarely a sign of cancer. Discharges that occur without squeezing the nipple, occur in only one breast or are bloody or clear are potentially indicative of more serious conditions, including breast cancer.

Breast cancer is a formidable foe. But women who arm themselves with knowledge of the disease, including its early warning signs, are in better position to overcome it.

For one of the hardest moments of your life, I was absolutely amazed with how understanding and helpful the entire staff at Riemann’s was to my family and I. Everyone went above and beyond to answer my every request. Nothing was too big or too small. Every request I made was important to them! I never felt I was asking too much! Not only did they work with me and my Father, but everyday my helper (Tyler) was helping other families in their time of need, not once making me feel as if I wasn’t a priority! I am so blessed to be able to experience what the people at Riemann’s helped me achieve by celebrating my Dad’s final days with me. I can’t express how beautiful and intimate everything was. From the people preparing him in the back making him look absolutely perfect, to the Angels directing our every path! So glad to know everyone was open and just working their miracles! Angels on earth literally! We celebrated him every way possible! Even took him on his final ride to Louisiana and back! Jillian, our driver was absolutely perfect! I trusted him with my life, literally! He absolutely did not disappoint! I have now made friends for life and I will never hesitate when I’m picking my place to lay me to rest! I will forever stand behind and refer my family and friends to Riemann’s! They now hold a special place in my heart!

The vital role of a cancer support network

The moment a person is diagnosed with cancer can elicit a variety of emotions. Fear of what's to come is a common reaction to such a diagnosis, and some people may feel alone upon learning they have cancer. But no cancer patient should face their diagnosis and treatment alone. In fact, a strong support network can be vital to patients' recoveries.

According to Weill Cornell Medicine, recent changes in the healthcare industry have shifted the burden of care from the hospital to the home. That underscores the importance of a strong support network. Many of the challenges cancer patients face in the months after diagnosis will be new, and patients can expect a range of emotions. According to Breast Cancer Now, a charitable organiza-

tion that funds one-third of breast cancer research in the United Kingdom, women may experience emotions such as shock, anger, disbelief, anxiety, and sadness after being diagnosed with breast cancer. Having loved ones there to help them make sense of those emotions and stay positive as they navigate their way through the treatment process is essential.

In addition to providing emotional support, loved ones of breast cancer patients may need to take on additional roles as they help their friends or family members face the challenges that lay ahead. Because of the industry changes noted by Weill Cornell Medicine, cancer caregivers and support networks may need to prepare themselves to take on the following roles, each of which is vital to cancer patients'

survival.

- **Monitor the disease:** Support networks may need to keep track of how their loved ones' disease is progressing and if there are any complications from treatment.

- **Manage symptoms:** Breastcancer.org notes that treatment causes severe side effects in many women. Such side effects may include nausea/vomiting, diarrhea, constipation, pain, arm swelling, shortness of breath, and skin irritation. Thankfully, most of these side effects can be treated. In addition, Breastcancer.org notes that most side effects ease up after treatment is completed. In the meantime, support networks may need to help patients manage those symptoms, performing a host of tasks to make their loved ones' lives easier. For example, patients experiencing

shortness of breath may be incapable of performing chores around the house. In such instances, members of a support network can tackle those chores until their loved one bounces back.

- **Administer medication:** Breast cancer pa-

tients may be too overwhelmed to handle their own medications, so support networks can take over this important responsibility for them.

- **Assist with personal care:** Some patients may experience fatigue after treatment.

In such instances, support networks can help patients maintain their personal hygiene.

Support networks can be vital to helping cancer patients overcome their disease and navigate their way through successful treatment regimens.
